

## PARENT QUESTIONNAIRE

Dear Parent/Guardian,

Each counselor has met with juniors regarding post-secondary planning. We will be compiling and summarizing information in order to complete a counselor recommendation in the fall. Parents' perspectives can be very useful in portraying your child in the best possible way. We are interested in your thoughts and feelings about your child. The more we know, the better our ability to help guide your son or daughter through the college selection and admissions process or whatever post-secondary decisions he or she may be contemplating. Be funny; be serious; be honest; be proud. If these particular questions are not helpful, then write us a letter. Thank you.
